Volume 51 Issue 2

## SAVE THE DATE! ANE DISTRICT CONFERENCE OCTOBER 2-3, 2020

ELIZABETHTOWN COLLEGE

On October 2 and 3, 2020 we will gather at the Leffler Chapel for our 51<sup>st</sup> Annual District Conference. The theme this year is "Be Still and Know" and is from Psalm 46:10. This verse says to us, "Be Still and Know that I am God."

In our very busy world today, it is hard to find time to "Be Still" and sometimes even harder to find and know God.

The Program and Arrangements Committee is in the process of planning our time together on Friday evening and Saturday. More information will follow in future newsletters, on the ANE website, and digital media.

I am excited to serve as District Moderator this year. If you would like me to visit your Church on a Sunday Morning to meet and share with you or to bring the Morning Message, please do not hesitate to contact me. I can be reached at <u>knk821@comcast.net</u> or on my cell phone (302)-540-6729.

I look forward to meeting with you and seeing you at District Conference this year.

## Message from Pete Kontra, District Executive

Greetings Sisters and Brothers in the name of our Lord and Savior Jesus Christ! I pray that you are strengthened and encouraged in your walk with Christ as you continue in His work here in ANE. As we remember and celebrate what He has done for us on the Cross and through His Resurrection, I am encouraged by scene of the Last Supper in Luke 22.

Pete Kontra

Jesus shared in the Last Supper

with His disciples. He's warned them of Judas' betrayal. And what do they do next? Why, they dispute among themselves who is the greatest!

"I'm the most faithful. No, I am. C'mon, you know what good things I have done lately!" Little did they know how foolish their pride was.

And Jesus says, Not so. This is not how it is in My Kingdom. The pagans lord it over each other, but not you. And then He turns to Peter. "Simon, Simon. Satan has asked to sift you as wheat."

Notice it's Simon Jesus now calls him, not Peter. Simon: your old self before you knew Me is going to come out. Sometimes we're tested and our old selves come out and fail in times of challenge.

Anyone else know that feeling? I sure do. Satan's desire is to scatter the disciples and use this to draw them away from God and into sin. The "you" here is plural. Jesus is talking to Peter about all the disciples being sifted. Satan wants to show them to be hypocrites. That as they fail Jesus in His final hour, it is to show they are chaff—just the shell of who they thought they were in their walk with Christ.

In our walk with Christ and as His church, it's not that we will never fail. Yes, we all have our list of wrongdoings, right? I do. You do. We do as a church. That is a fact of life. But what is critical to our walk is in our turning back to Him.

"Once you have turned back," Jesus says, "strengthen your brothers."

Peter's role will be to turn back and once done to strengthen the others who will face similar trials.

What do we do with our failures? Do we let them stand as the final verdict on us, that you're just a shell of who you thought you were? Do we let them stand as the final verdict on others, that someone else who's failed is just a shell of who they thought they were?

Or, do we allow that to help others, knowing just what it feels like?

What does it mean to strengthen your brothers and sisters?

#### We are called to pray for one another.

Jesus told Peter, I have prayed for you. Jesus has prayed for all of us believers as we see in John 17:15- My prayer is not that you take them out of the world but that you protect them from the evil one.

Paul says in Ephesians 6, right after he encourages us to put on the full armor of God, he says in verse 18: And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the saints.

Ephesians 4:2 says, Be completely humble and gentle; be patient, bearing with one another in love.

I am praying for you and all of us as the Church, that we may walk with and encourage one another, just as Jesus did all the way to the Cross and out of the tomb into new life, never giving up on us.

God bless you.

-Pete

## Could your church use a financial boost?

Is your congregation actively involved in a community outreach ministry such as:

- Community food pantry •
- Counseling services
- English as a second language classes
- Parenting workshops
- Tutoring or other kinds of children and teen programs

Do these guidelines fit your congregation?

- A verifiable active outreach ministry
- Located in and serving a community with a significant economically challenged population.
- Limited resources due to circumstances beyond their control
- Sizeable community needs that surpass the congregation's ability to respond.
- There must be a clear evidence of Gospel and Mission

## The Barnabas Fund has been established to share the blessing of financial resources with those who express a ministry-driven need. The Fund seeks to encourage the ministry of congregations through a grant-based ministry investment strategy that seeks Kingdom-based ministry results through: shared resources, fiscal accountability, ministry planning, and economic partnering.

If these guidelines fit the kind of ministry efforts that you see in your congregation, this might be just the place to get that extra financial boost that will allow your ministry to be more effective!

Application deadlines this year are: Monday, April 27 Monday, July 27 Monday, October 26

Applicants will be contacted within 10 days following the scheduled meeting. Please contact the District Office for an Application.

## When the unthinkable happens are you prepared?

by Kathy Walter

When we were young and pastoring a small church, my husband Don and I needed every dollar we were paid. So when our church treasurer asked him to sign a document that would put a very meager amount of our small salary in a retirement fund, we didn't think we could do it. But we did, and we are forever grateful that we started saving for retirement — early, and even with a small amount.

Don recently passed away very unexpectedly, and I was so thankful that he had been diligent in planning for our retirement and later years. In one of his last seminars that I attended, he admonished pastors to plan financially for long- and short-term goals. He told them,

"Your family will know how deeply you love them by how you prepare for their lives after you are gone."

I want to pass along to others some of the ways I continued to feel Don's love even after he was gone – because he had planned ahead. This is practical advice for anyone of any age.

Consider having an easy-to-access paper file in which you keep all those things needed at the passing of a spouse (ours was called the "red file"). This is something that prevents a great deal of stress. Electronic files are great, but you need the username and password to access.

The contents of your red file may vary, but should include the following —

 Username and password for ALL devices and all important accounts as well. And don't forget to update or check this information on a regular basis

- Copies of car titles, insurance information, and payment method on vehicles. Make sure both of your names are on vehicles and insurance. (Make sure it is worded using "or" instead of "and" when both names are included — for example: Sam OR Nancy.)
- 3. Make sure BOTH of your names are on utility accounts.
- Have copies of agreements for auto-draft payments or bank payments of bills. Make sure both names are included.
- 5. Keep a file for those items needed at tax-filing time.
- Check state requirements for required documents needed to conduct business (official copy of marriage license, birth certificates, copies of Driver's License and Social Security card). NOTE: You will also need several copies of the Death Certificate.
- Make sure you both know the location of the key to the safety deposit box in which you would keep your Will, Power of Attorney, or Living Will.
- 8. Going paperless for all your bills is great but make sure your spouse is listed as someone with whom information can be shared, and who can make decisions about accounts, etc. Don created a spreadsheet that showed date and approximate amount for payment and how they were paid.

Whether it is a sudden death or even a stroke, if your spouse is unable to tell you how to access these things, your grieving is compounded by the burden of working through all of these issues.

Your family will be so GRATEFUL if you plan ahead by taking these precautionary steps.

Until his untimely death in March, Don Walter served as the director of Pension and Benefits for the Church of the Nazarene.

## Home Sweet Home

Mid pleasures and palaces though we may roam, be it ever so humble, there's no place like home. ~J.H. Payne

I never heard of the little town of Nichols, SC before we went there with BDM to help rebuild the homes damaged by the flood waters of Hurricane Matthew and Florence. But after 3 years of working in that area, there are people and places that are now dear and familiar to us.

On our drive to Nichols, we enjoyed the rustic

beauty of Page's Mill Pond near the town of Lakeside, with water falling over the breast of the dam and the cypress trees standing like sentinels in the pond. We stopped to examine the novelty of a field full of cotton that was yet unpicked. We wondered at all the abandoned houses that would likely never hear the sound of laughter and families again and were sorry for those who had lost so much.

We worked hard from Mondays to Fridays hanging drywall, applying the needed compound to seams and screws and sanding until the walls were smooth enough for bright, fresh paint. Plumbing, electrical

work and insulation were all needed parts for fixing a house, too. Nice, new flooring was laid for the welcome return of work boots, sneakers or comfy bedroom s lippers.

In January, we worked at the home of Gladys, a dear, 93 year old lady who is blind and has

had to live in a nursing home since her house was flooded in Sept. 2018. Luanne and I thought it would be special to meet her, so after talking to her son, we made arrangements to meet him the next morning. He took us to her room and introduced us. What a sweet, lovely lady who loved her Lord! She was thankful for what we were doing to get her house fixed and was hoping to live there again soon. We asked if she likes to sing, and she sure does! She and her son sang a few songs for us with passion and heartfelt joy!

"You ought to take the Lord with you, everywhere you go... In your home, all along, in the highways and the byways, you ought to take the Lord with you, everywhere you go!" "I live in this moment because of you. I want to thank you and praise you

too, your grace and mercy brought me through."

We found out that she was the youngest of 5 sisters who all lived beside each other. Right down the road was Diana, her

niece, whom we had met and whose house we had worked on through the devastation of 2 floods. So, one day after lunch, we walked across the road and she invited us in to see her beautiful, finished house that she is enjoying – a dream come true.

If you are thankful for the comforts of home, and have never gone on a BDM work trip, please consider whether this is something the Lord is calling you to do. Willing hands and willing hearts are what's needed to get the job done!

Having Someone to Love is FAMILY Having Somewhere to go is HOME Having Both is a BLESSING!

## **Outreach Update**

#### **Ephrata Compassion Project**

The Ephrata congregation and the Mohler congregation both participated last year in the Ephrata Compassion project. The Compas-

sion Project is a ministry partnership with Love INC and local communities in Lancaster County. Love INC describes the annual program as "a practical resource to the local church and Christian community to aide them in acts of compassion during a 'missions trip to their own community.' These acts of compassion create unique and exciting opportunities for relationships to be built and the gospel to be shared, equipping the body of Christ by providing a hands-on, proven, step-by-step process to launching your own local missions project."

The way that it works is that Love INC staff accept phone calls from members of each community

during a certain limited time frame. These calls are to share any needs or work that the families can use on their homes or in their yards that they are not able to do themselves. This list is then shared with the coordinator in that area who is collecting a list of churches willing to connect and provide those services for their neighbors. Projects range from yard work and power washing requiring less still to other work requiring more construction experience. All participating churches are encouraged to stay in contact with the families or individuals they serve throughout the year to keep building their relationship.

Ephrata COB is providing the coordination for the Ephrata Compassion Project and Ephrata and Mohler COBs were participating churches that completed projects in the community. Here is a link to the website: <u>https:// loveinclancaster.org/</u> <u>supported-ministires/thecompassion-project/</u> Two of the youth from Ephrata had these comments to share about their experience: Rebecca Foard (6<sup>th</sup> grade) said "it was a good bonding time for the youth working to help someone in need." Elizabeth Foard (8<sup>th</sup> grade) said "I enjoyed spending time with my youth group from church and I would do it again for sure".

They are sisters that are in this group photo of our students. Elizabeth is in the green with her hands on the neighbors shoulders and Rebecca is in the black "Jesus Saves" shirt.

## A Mission Moment Opportunity

Many of our congregations are familiar with the Rebuild Program of Brethren Disaster Ministries. This ministry offers

the opportunity for volunteers to help repair and rebuild storm damaged homes for some of the most vulnerable disaster survivors in areas ravaged by hurricanes, tornadoes and floods. No specific skills are required...just a little time and the desire to reach out to help those in need.

Here in the Atlantic Northeast District, Bob Eisemann has worked tirelessly for many years as our ANE District Disaster Coordinator. Bob has a heart for

helping those in need and is eager to encourage others to have the opportunity to share their gifts and skills with those who need our help.

## **Struphaur's Meeting House**

In Pine Grove, Berks County, about eight miles north of Bethel, PA sits an historic Brethren meetinghouse. Built in 1865 as the first meeting house for the Schuylkill Church of the Brethren, it is a small frame building, only 24 x 30 feet. It was so small that Love Feasts were held in the barns of members as late as 1915, when a brick church was built a few miles away. It features benches with high backs, a central table for leading worship, and two pot belly stoves for heat.

The meetinghouse, spelled Struphaur or Strouphauer, sits atop a hill on Waterfall Road with a remarkable view over vast acres of farmland. The adjacent cemetery serves as the final resting place for numerous Strouphauers, Stumps, Kutzes and Zerbys. It is cared for by the Schuylkill Church of the Brethren, which now worships in a modern facility a few miles away which was enlarged and modernized in 1977.

Reservations can be made for either the noontime banquet (12:00 noon) or the evening banquet (6:30 p.m.). Please make your reservations no later than Monday, March 2, 2020.

The 80s: Humble Beginnings: From the seeds of a shared desire to serve, to the formation of an agency with the focus of helping children in need and building stronger families, the first decade gained momentum on a path to make a real difference in people's lives.

The 90s: Expanding to Meet the Needs: Activity, expansion and growth defined the 90s. Services shifted to meet the demands to best serve the children and families we were called to help. The 2000s: Depth of Service Added: Additional services are added to continue care for adopting families, new property is purchased

and existing properties improved to accommodate the expanding programs so units can operate efficiently. COBYS mission is officially defined.

The 10s: Recommitting with Room to Grow: COBYS adapts and recommits to its core values while fostering common sense growth to meet the increasing needs in the region.

## CHILD ON CHILD SEXUAL ABUSE WORKSHOP

Stopping child sexual abuse is only possible when adults have the information and tools to effectively intervene, and most prevention education focuses on adults molesting children. Yet 30% – 50% of sexually abused children are victims of other children or teens under age 18. A 2017 investigation by the Associated Press uncovered about 17,000 reported sexual assaults of students by other students - including in elementary school. We'll look at prevalence and impact, and why we need to change our concept of adult sexual offenders in order to understand children with problematic behaviors.
